Members of the Board of Trustees (BoT) are responsible for collecting information to expand the contents of our database. Each member should approach fellow alumni to whom you are personally close and collect personal information for said database.

### **Bereavement Fund**

1. Participation in this project is not mandatory. But in order to avail of the benefits of this program, a member must pay monthly dues of twenty pesos (P20.00) per month. Funding for this project will come from the monthly dues collected from participants.
